

## **Priority Explanation**

The Standards Committee implemented a priority system to be used when Standards and Specifications and related information is published. These priorities apply for all Standard Specifications, Standard Drawings, Project Checklists, Project Tables of Contents, and Measurement and Payment.

- |            |   |
|------------|---|
| Priority 1 | Upon posting, this impacts all projects in construction and design with a Change Order, Addenda, and immediate change to projects being advertised. |
| Priority 2 | Upon posting, this impacts projects being advertised.   |
| Priority 3 | Upon posting, the approved standard takes effect two weeks later for projects being advertised.   |
